

Lymphatic-Vascular Disease: Diagnosis & Treatment

July 21, 2018 • 8:00 a.m.–6:00 p.m.

The Harvard Club, 374 Commonwealth Avenue, Boston, MA 02215

LE&RN is proud to present the groundbreaking **CME Seminars for Physicians Lymphatic-Vascular Disease: Diagnosis & Treatment**, in association with **Lymphedema Seminars**. These courses are an exciting educational portal to understanding the interplay of the lymphatic and vascular systems as related to patient health. This seminar is intended for physicians who need to diagnose and/or treat patients with lymphedema and/or lipedema.

Lymphatic research has led to a rapidly emerging field with standards for *Centers of Excellence in Lymphatic Medicine* being developed by the world's top institutions. Up to 10 million Americans are estimated to suffer from lymphedema with an additional 17 million women in America estimated to have lipedema. Yet, many patients with these diseases struggle to find physicians who are prepared to undertake their necessary medical care. Upon completion of this activity, participants will be able to recognize the physical, imaging, and laboratory findings relevant to a lymphedema or lipedema diagnosis; compare and contrast the available therapies for lymphedema and lipedema; and diagnose potential candidates for lymphatic surgery.

Please review the curriculum online for an in-depth view of the wealth of information covered in these seminars.

Speakers

Stanley G. Rockson, MD
Director, Center for
Lymphatic and Venous
Disorders Stanford University
School of Medicine,
Falk Cardiovascular
Research Center

**Steven M. Dean,
DO, FACP, RPVI**
Director of the Vascular
Medicine Program,
The Ohio State University
Wexner Medical Center

Joseph Dayan, MD
Plastic Surgeon
Specializing in Microsurgical
Reconstruction,
Memorial Sloan Kettering
Cancer Center,
New York

Dhruv Singhal, MD
Director of Lymphatic
Surgery, Beth Israel
Deaconess Medical Center,
Harvard Medical Faculty
Plastic Surgeon

David Hovsepian, MD
Clinical Professor,
Vascular and Interventional
Radiology, Stanford
Healthcare Interventional
Radiology

This seminar will offer **LEVEL 1** for 3 credits in the morning, and **LEVEL 2** for 4 more credits in the afternoon, but we encourage the full day program.

Further information and online registration is available on the LE&RN website at LymphaticNetwork.org.

Lymphatic Education
& Research Network

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Academy for Continued Healthcare Learning and LE&RN. ACHL is accredited by the ACCME to provide continuing medical education for physicians.

The Academy for Continued Healthcare Learning designates this live activity for a maximum of **7.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Guidelines require that participants in CME activities be made aware of all financial relationships that may be perceived as affecting the presentation of the faculty member. ACHL ensures that all faculty and staff involved in the planning, development, and implementation of ACHL activities disclose relevant financial relationships and that conflicts of interest are resolved before the CME activity occurs. Complete information will be provided to participants prior to the start of the educational activity.
